Our Mission

Utica Creative Reuse is a 501(c)(3) nonprofit dedicated to promoting creativity, community, and environmental stewardship in Central New York.

Our mission is to divert usable materials from the waste stream and return them to the community through an art supply thrift store and makerspace, as part of a circular economy. Proceeds from our thrift store support accessible and inclusive arts programming for all, empowering our community to connect through creativity.

We are committed to being a catalyst for equity, diversity, and sustainability in the arts by fostering an inclusive space for creativity, education, and dialogue. We are dedicated to inspiring people of all ages and abilities to embrace sustainable practices and build cross-cultural connections, working together towards a more resilient community.

Our impact

Materials Diverted from the Landfill

March 1, 2024 - March 31, 2025

All Time Total:

3,795

Pounds of materials
diverted from the waste
stream

6,361

Pounds of materials diverted
from the waste stream since
September 2023

Waste Not, Want Not!

We ask members of our community to donate their unwanted arts and crafts materials and supplies to our thrift store and free events instead of throwing them away, so that we can help them find new homes.

This year, with your help, we diverted 3,795 pounds of usable materials from the landfill!

Events

Creative Reuse is For Everyone!

Our events provide a supportive environment for learners of all ages to explore new skills in classes and events focused on reuse, repair, and creativity!

Our Year in Review: March 2024 - March 2025

Trash to Treasure Art Challenge & Earth Day Cleanup

In April 2024, Utica Creative Reuse founder Sarah Swann received grant funding through CNY Arts to host the first Trash to Treasure Art Challenge and community litter cleanup.

Participants learning about found-object sculpture with instructor Marc-Anthony Polizzi

From April to August 2024, the Trash to Treasure project supported 11 free workshops teaching participants how to create found-object artwork, centering instruction on art, environmental consciousness, reuse, and repair skills.

The first Trash to Treasure Art Challenge resulted in 40 volunteers cleaning up 22 sites in Utica, and 14 participating artists creating found-object artwork for inclusion in a group gallery exhibition, a three-week event held at The Other Side gallery.

Our Year in Review: March 2024 - March 2025

Looking for a Place to Call Home

In May 2024, Utica Creative Reuse received a grant of \$20,993 from a donor-advised fund at the Community Foundation of Herkimer and Oneida Counties. This funding was donated with the restriction that it be used solely for general support of the operations of the organization, allowing UCR to begin the search for a Utica retail location in earnest.

Beginning in June 2024, UCR conducted its first sales of secondhand arts and crafts supplies in a pop-up shop at the Utica Pride Festival and the Oneida County Public Market.

While continuing the search for a permanent location, UCR partnered with local organization to offer free programming at several locations in CNY.

Our Year in Review: March 2024 - March 2025

Grant Funding from NYSP2I

In September 2024, Utica Creative Reuse was awarded a \$19,818,72 grant by the New York State Pollution Prevention Institute to conduct a year-long series of workshops centered on reuse and repair. The Creative Reuse Workshop Series included found-object sculpture and mosaic classes, a variety of fiber arts classes, and a monthly Repair Café, where community members came together to fix items in need of mending or repair.

Instructor Niki English teaching a plastic bag coil basketry class, March 2025

Instructor Phil Szeliga at a Repair Café, helping to repair a food dehydrator

Thanks to the NYSP2I grant, UCR was able to retain six contractors to administer, plan, and execute the year-long workshop series, while keeping the events free to the public.

The grant also funded the creation of a series of tutorials to supplement the free classes, providing free templates online in video and print format for interested learners. The project was completed in September 2025.

Funding for the Creative Reuse Workshop Series provided by the NYS Pollution Prevention Institute through a grant from the Environmental Protection Fund as administered by the NYS Department of Environmental Conservation. Any opinions, findings, and/or interpretations of data contained herein are the responsibility of the author(s) and do not necessarily represent the opinions, interpretations or policy of Rochester Institute of Technology and/or its NYS Pollution Prevention Institute, or the State.

ENVISION
OUR ENVIRONMENT!
LIVE STREAM FRIDAY 9/20 5-9PM
TUNE IN FOR OUR LIVE
DIORAMA BUILD-A-THON

In September 2024, we participated in Mohawk Valley Gives for the first time, raising \$3,849 from 42 donors toward establishing a permanent home for our creative reuse center.

We will be constructing a miniature model of the future home of Utica Creative Reuse LIVE during our Mohawk Valley Gives Fundraiser!

Make a donation at any time on Friday 9/20

to add a feature to our diorama and witness how your donations grow our organization!

Tune in and give us your suggestions on what you want to have in our future creative reuse center!

Learn more about our Mohawk Valley Gives fundraiser:

givemv.org

During the fundraiser, we constructed a miniature diorama out of trash and recycled materials during a live-stream to illustrate to the community what a creative reuse center in Utica could look like!

Our Year in Review: March 2024 - March 2025

A New Home for Utica Creative Reuse!

In February 2025, we secured a lease on a retail location for a creative reuse center at 734 Columbia Street in Utica, and began the process of moving in over 6,000 pounds of donated materials and supplies.

A generous donation from Rainbow Cupboard in Clinton supplied much of the furniture needed to get started

Moving Day volunteers, February 22, 2025

As volunteers worked hard to unpack, sort, and organize items in the thrift store, UCR began holding events at its new location in March 2025.

UCR's dedicated volunteers put in many long hours sorting, organizing, and pricing donations

FINANCIAL REPORT

March 1, 2024 - March 31, 2025

- Misc Fundraising \$634.00

Our goals for 2025-2026

- Establish a permanent creative reuse center in Utica
- Divert usable materials and supplies from the waste stream
- Provide affordable art supplies and free (or donation based) workshops to the community
- Advance diversity, equity, inclusion, and accessibility in our arts community
- Develop a sustainable nonprofit organization

Reaching Our Goals: Next Steps

01

Open the Utica Creative Reuse art supply thrift shop and event space at 734 Columbia Street in Utica

02

Continue to build community relationships to reduce waste, encourage emerging artists, and offer equitable access to supplies

03

Continue to generate revenue from sales, while also seeking funding support from grants and donations to support operations, events, instructors, and future paid full-time staff in support of UCR's sustainable growth and resilience

Thank You, UCR Volunteers!

This year you donated more than 2,000 hours of sorting, organizing, brainstorming, fixing, cleaning, lifting heavy boxes, snow shoveling, picking up trash, teaching, and creating!

We wouldn't be able to continue this work without your extraordinary talents and dedication.

Thank you for giving your time and effort, week after week, to support UCR's mission!

To all of our donors: Thank you for making our work possible!

Your commitment to sustainability and support of our mission helps ensure that everyone in the community has equitable access to the arts!

Special thanks to our community partners for their support!
